### **Community Action Response – Covid-19**

We are very fortunate in Newtown Linford to have a fantastic resident support network all year round and Parish Councillors are grateful to those who so kindly give their time to helping others.

In response to the current and possible future Covid-19 situation, where people may have to stay at home for a while, the Parish Council wanted to extend this informal provision by implementing a village led Community Action Response, to help those in need should they have to self-isolate.

By now, you should have received information through your door, giving you contact details of local volunteers within your area. Volunteers will be able to assist those in isolation with picking up shopping, posting mail, collecting prescriptions and other urgent supplies or even a friendly phone call for anyone needing a chat. Please don't feel alone; do call them!

For further information on volunteer support within your area, please contact the Parish Council Clerk, Hannah Shaw on 01530 249945 or [clerk@newtownlinford.org.uk](mailto:clerk@newtownlinford.org.uk)

Councillor David Snartt is also available for anyone needing advice or assistance on 01530 244804.
